SELECTED PROJECTS

PROJECT MANAGED — *Full-stack web application for daily task and project management. (Next.js, TypeScript, SCSS, Prisma, PostgreSQL)*

Features

- Built with Next.js's New Feature - App directory, API routes
- User Authorization using Cookies with JWT
- Styled with Sass module

Key Learnings

- **Integration of Prisma ORM with PostgreSQL:** This allowed me to work with the database using a type-safe API, reducing the need for writing raw SQL queries.
- **Robust User Authentication:** I gained experience in handling cookies, verifying and managing JWT tokens, and ensuring the security of user sessions. — *I wrote a blog post about ["Cookies with JWT vs NextAuth"](#)*

TINY POST — *Full-stack minimalist blog web application (Next.js, TypeScript, SCSS, Prisma, PostgreSQL, React-Query)*

Features

- Session management with NextAuth
- Commenting system

Key Learnings

- **Understanding of Server-side Rendering(SSR)**
- **Page based routing:** Learned how to structure application's pages and routes
- **Data synchronisation, error handling using React Query:** Learned to use `useQueryClient` hook to invalidate cached queries and `useMutation` hook to fetch data with robust error handling

EXPERIENCE

Offshoot Coffee, Perth — *Head Barista*

April 2021 - May 2023

- Led a small team of 4 baristas in a high-volume coffee shop, consistently producing 900 cups of coffee per day.
- Implemented efficient workflows and optimised processes, resulting in reducing waiting time by 50%.
- Trained and mentored team members to uphold high standards of quality, consistency, and customer service.

OBJECTIVE

Driven by three key characteristics — *Responsibility, Resourcefulness, and Supportiveness*—I aim to simplify people's lives, much like *engine oil* in a car. As a passionate developer, I am seeking opportunities in a *supportive and growth-oriented environment* where I can continually improve my skills and contribute to assist individuals and communities in need.

SKILLS

TECHNICAL SKILLS

HTML5, CSS3, Javascript

TypeScript, React, Next.js

Sass(SCSS), styled-components

Currently learning: Node.js, Express.js

SOFT SKILLS

Adaptability and Flexibility

Effective Communication and Empathy

Productivity and Supportiveness

Collaboration and Contribution

TOOLS AND PLATFORMS

Git/GitHub, npm, VS Code, Figma

EDUCATION

Team Treehouse, Online — *Front End Web Development*

NOV 2021 - JUNE 2022

Acquired comprehensive knowledge of HTML, CSS, and JavaScript through self-paced online learning
